BY:

### 1 LEARNING ABOUT YOUR BUSINESS

By asking the right questions, we begin our work together with a face-to-face dialogue designed to learn where your business is now and where you want it to be. We use the Synchronist Business Information System® to quickly and efficiently get a sense of the challenges and opportunities your business faces.

### 2 CREATING AND DELIVERING A CUSTOMIZED SOLUTION

We pull together the best ideas from the Network organizations and then present you with a comprehensive package of customized solutions that are responsive to your company's needs. You choose the programs and services you want to implement.

### 3 PROVIDING CONTINUED SUPPORT

A dedicated Business Resource Network representative will manage and coordinate the services you've selected from the Network partners and identify new ways to assist your business over time.
